
PART I - ADMINISTRATIVE

Section 1. General administrative information

Title of project

Dworshak Mitigation Cultural Resource Survey Project

BPA project number: 20129

Contract renewal date (mm/yyyy): ☒ **Multiple actions?**

Business name of agency, institution or organization requesting funding

Nez Perce Tribe

Business acronym (if appropriate) NPT

Proposal contact person or principal investigator:

Name Loren A. Kronemann

Mailing Address P.O. 365

City, ST Zip Lapwai, ID 83540

Phone 1-208-843-2162

Fax 1-208-843-7329

Email address _____

NPPC Program Measure Number(s) which this project addresses

P.L. 96-501 sections 4(h)

FWS/NMFS Biological Opinion Number(s) which this project addresses

N/A

Other planning document references

N/A

Short description

Provide funding for cultural resource surveys on lands bought by the NPT to fulfill its obligations under the Dworshak Mitigation Agreement. Funds were not provided by BPA under the agreement to cover cultural resource surveys in the future.

Target species

Pileated Woodpecker, Yellow Warbler, White-tailed Deer, Blackcapped Chickadee, Elk, River Otter, Great Blue Heron and Osprey.

Section 2. Sorting and evaluation

Subbasin

Grande Ronde River

Evaluation Process Sort

| CBFWA caucus | Special evaluation process | ISRP project type |
|--|---|--|
| Mark one or more caucus | If your project fits either of these processes, mark one or both | Mark one or more categories |
| <input type="checkbox"/> Anadromous fish <input type="checkbox"/> Resident fish <input checked="" type="checkbox"/> Wildlife | <input checked="" type="checkbox"/> Multi-year (milestone-based evaluation) <input checked="" type="checkbox"/> Watershed project evaluation | <input type="checkbox"/> Watershed councils/model watersheds <input type="checkbox"/> Information dissemination <input checked="" type="checkbox"/> Operation & maintenance <input type="checkbox"/> New construction <input type="checkbox"/> Research & monitoring <input type="checkbox"/> Implementation & management <input type="checkbox"/> Wildlife habitat acquisitions |

Section 3. Relationships to other Bonneville projects

Umbrella / sub-proposal relationships. List umbrella project first.

| Project # | Project title/description |
|-----------|---------------------------|
| | |

| | | | |

Objective schedules and costs

| Obj # | Start date mm/yyyy | End date mm/yyyy | Measureable biological objective(s) | Milestone | FY2000 Cost % |
|--------------|-------------------------------|-----------------------------|--|------------------|--------------------------|
| 1 | 10/1999 | 9/2005 | | | 10.00% |
| 2 | 10/1999 | 9/2005 | | | 40.00% |
| 3 | 10/1999 | 9/2005 | | | 25.00% |
| 4 | 10/1999 | 9/2005 | | | 10.00% |
| 5 | 10/1999 | 9/2005 | | | 15.00% |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | Total | 100.00% |

Schedule constraints

The NPT has acquired 760 acres todate with 10,000 acres as the mitigation goal. Availability of willing sellers in the future will effect acquisition rates and the need for future surveys.

Completion date

Land acquisition time frame, completed by Oct. 1999. Cultural Resource surveys will need to be done on each new mitigation acquisition.

Section 5. Budget

FY99 project budget (BPA obligated):

FY2000 budget by line item

| Item | Note | % of total | FY2000 |
|---|-------------|-----------------------|---------------|
| Personnel | | %44 | 20,000 |
| Fringe benefits | | %17 | 7,500 |
| Supplies, materials, non-expendable property | | %2 | 1,000 |
| Operations & maintenance | | %2 | 1,000 |
| Capital acquisitions or improvements (e.g. land, buildings, major equip.) | | %0 | 0 |

| | | | |
|--|------------|-----|-----------------|
| NEPA costs | | %0 | 0 |
| Construction-related support | | %0 | 0 |
| PIT tags | # of tags: | %0 | 0 |
| Travel | | %7 | 3,000 |
| Indirect costs | | %17 | 7,500 |

PART II - NARRATIVE

Section 7. Abstract

The Dworshak Wildlife Cultural Survey Project is to provide funding for Cultural Resource Surveys on all newly acquired mitigation properties. Funds were not furnished in the Dworshak Wildlife Mitigation Agreement to do Cultural Resource Surveys. This proposal is to provide funds to conduct any reconnaissance surveys of any parcels purchased over the next five years, as needed.

Section 8. Project description

a. Technical and/or scientific background

The construction of Dworshak Dam on the North Fork Clearwater River had an impact on wildlife habitats along 45 miles of the North Fork Clearwater River. The Dworshak Wildlife Agreement was signed in 1992 and a trust fund set up to provide funding for wildlife mitigation. However, BPA retained the responsibility for cultural resource surveys on mitigation lands acquired under the Dworshak Agreement.

b. Rationale and significance to Regional Programs

The NPT under the Dworshak Wildlife Mitigation Project recently acquired 760 acres of wildlife mitigation lands and needs to have a cultural survey on it to provide needed information before a management plan can be completed. Funding is available for land acquisition in the future so cultural surveys will need to be conducted on a regular bases over the next 5 years.

c. Relationships to other projects

d. Project history (for ongoing projects)

The NPT signed an agreement with the BPA in 1992 and received 7.1 millin in the form of a trust fund to mitigate for lost habitat and preform O&M on a minimum of 10,000 acres. However, the BPA retained the responsibility for cultural resource surveys. Due to this arrangement proposals are to be submitted to the prioritization process for funding cultural resource surveys.

e. Proposal objectives

The objectives of this proposal is to provide funding to conduct cultural resource surveys on wildlife mitigation properties acquired under the Dworshak Wildlife Mitigation Agreement.by the NPT:

1. Document all available information on existing cultural resources in the area of the mitigation property.
2. Conduct Cultural Resource Reconnaissance Survey
3. Develop a Cultural Resources Management plan for the property.
4. Project Administration
5. Implement Cultural Resource Management Plan

f. Methods

g. Facilities and equipment

N/A

h. Budget

Personnel – The personnel line item supports survey crews supervised by the NPT's archeologist.

Fringe Benefits – A 30% fringe benefit covers full time permanent staff.

Supplies and materials – This line item covers the cost of field and office supplies.

Operation and Maintenance – communications.

Travel – This line item covers travel costs for the surveys.

Indirect Costs – This varies from year to year. At the present time it is 22.9%.

Subcontracts – The subcontract line items cover experts needed during the survey.

Section 9. Key personnel

POSITION: Project Supervisor

Loren A. Kronemann, Wildlife Mitigation Biologist

Duties: Supervise the management of all mitigation properties. Coordination with NPT Cultural Resource Department who will provide experts in Cultural Resource Surveys.

Section 10. Information/technology transfer

All data collected on the project will be maintained on the NPT's GIS system. All management documents will be made available to the public and agencies upon request. All coordination on cultural resource found on the property will be handled through the NPT Cultural Resource Department.

Congratulations!
